# Pre-LOS in Startup Visa

In the Pre-LOS stage, Calymer validates your business ideas and facilitates market entry. We assess financial viability, market potential, and competitor analysis to position your concept for success in Canada.

We connect entrepreneurs with the perfect incubator, aligning with your vision and goals. We help you find the ideal support. We also craft and refine pitch decks to effectively communicate your startup's value.

# Post-LOS in Startup Visa

After receiving the Letter of Support (LOS), Calymer helps you navigate IRCC inquiries to ensure your entrepreneurial success. Our Business Development service refines your business model and identifies growth opportunities through market research and competition analysis. Additionally, our Product Development team turns concepts into market-ready products through prototyping and testing.

Calymer's Digital Marketing and Branding team enhances your online presence, helping you reach a global audience. We manage social media, optimize websites, and craft comprehensive reports that fulfill IRCC requirements. Our Customized Business Plan service gathers detailed business information to refine and optimize your strategy.
